Preventative Maintenance Plans

Keep your HVAC system running smoothly with a tune up by one of our skilled technicians. Each plan includes two visits per year. We will note any comments or recommendations for each system in a detailed report after each visit. The following is a breakdown of the system checks performed:

Test Electrical Connections	Testing Motor Amperage	Rust Prevention on Outdoor Unit
Testing Compressor Amperage	Cleaning Indoor Coil	Thermostat Calibration
Clear Condensate Drain Lines	Check Refrigerant Charge	Repair Small Duct Leaks
Inspection of Low Voltage Wiring	Test Capacitors	System Sequencing
Changing Air Filters	Inspection of Heat Pump Stand
